Excessive Contributions from Affiliated Committees:

The committee reviewed the most recent contribution from the International Union of Operating Engineers Local 139 PAC and confirmed that it was not an excessive contribution but was instead intended for the 2014 General election per a note on the check which states General Election 2014. It was recorded toward the Primary in error and the report has been amended to correct. The committee uses its best efforts to catch these notations on checks but has recently updated its procedures to further prevent this issue in the future. A copy of this check has been mailed to the FEC via USPS for reference along with a copy of this Form 99. (1)
